Dear Sirs/Mesdames

AUDIT FINDINGS REPORT – KNIGHTSFIELD SCHOOL

During the audit of the financial statements for the year ended 31 August 2020, we examined and sample tested the accounting systems which the academy trust has established to ensure that the accounting records are accurate and reliable and to ensure that its assets are safeguarded.

We enclose a report which details weaknesses in accounting and internal controls which came to light during the course of the audit.

The report includes explanations of how the weaknesses could affect your business and our recommendations on how to improve the systems – see appendix 1 - 4.

We have also included in this report a schedule showing the adjusting and unadjusted journals found during the audit – please see appendix 5.

Our report also includes details of recently released accounting standards and legislation which we would like to bring to your attention – see appendix 6. This section is for information only. Appendix 7 also lists all the “musts” that are included within the Academies Financial Handbook 2020.

We would like to take this opportunity to thank you and your staff for the assistance given to us during the course of the review.

If you wish to discuss any of the issues raised in the attached appendix in more detail, please do not hesitate to contact us.

We are an accounting, tax, audit, advisory and business services group that delivers a personal experience both digitally and at your door.

1. Scope of the audit

Our audit was carried out in accordance with Auditing Standards and with reference to the legal and regulations requirements as detailed in Section 3 of this report. Our audit approach is designed to ensure that our tests are focused in those areas where in our judgement the risk of errors is high, and where the likely impact of such errors would be significant. More specifically, this involved:

- a. Subjecting systems, controls, transactions and balances to substantive testing on a sample basis;
- b. Revising our audit plan for any significant financial matters;
- c. Subjecting the financial statements to detailed analytical review, examining key ratios, trends and other statistics, obtaining and testing explanations for any unusual or unexpected variations;
- d. Reviewing minutes of meetings; and
- e. Reviewing statutory financial statements where prepared by the Academy.

It must be appreciated that the matters dealt with in this report arose from the conduct of our normal audit procedures which are designed primarily to enable us to express an opinion on the financial statements of the Academy and do not necessarily involve an examination of all aspects of your internal control procedures. The responsibility for maintaining adequate financial reporting systems and systems of internal control, as well as for the prevention and detection of fraud, irregularities, and other errors, rests with Directors.

For the above reasons, our comments cannot be regarded as a full analysis of all the weaknesses or irregularities in the system of internal control or of all the financial trends or other performance data relevant to the Academy's which might be disclosed by a more detailed review nor, since we are not specifically required to search for fraud, can our audit be relied upon to disclose such matters. However, our audit was planned so that we would have reasonable expectation of detecting material misstatements of the financial statements.

This report has been prepared for the private use of the Trustees and its contents may not be disclosed to any third party without our express written consent. We assume no responsibility to any other person.

1. Independence Issues

On 22nd July 2020 we wrote to you identifying our perception of the principal threats to our objectivity and independence in carrying out this audit, along with the safeguards in place to mitigate those threats. The principal threats and safeguards are repeated below:

Principal threats	Safeguards Implemented (and why they are considered effective)
<p>We are responsible for the preparation of the financial statements in addition to carrying out the audit. The service will not involve initiating transactions.</p> <p>There is a threat that, as a firm, we are perceived as being too closely aligned with the views of management to provide an independent review and/or that members of the audit team could be reviewing their own accounting work.</p>	<p>A separate team has been used for the preparation of the statutory accounts which mitigates against the self review threat.</p> <p>Additionally, the accounts team do not make management decisions when preparing the accounts.</p>
<p>We are responsible for the preparation of the Corporation Tax Return and the calculation of the associated tax liability in addition to carrying out the audit. However, as directors you remain responsible for both accounts and your Tax Returns. As independent auditors we cannot take any decisions that rightfully belong to management. Accordingly, if there are any decisions relating to the accounts or treatment of items on the Tax Return we will explain your options in layman's terms.</p> <p>However, you must make the ultimate decision.</p> <p>There is nevertheless a threat that, as a firm, we become perceived as being too closely aligned with the views of management to provide an independent review and/or that members of the audit team could be reviewing their own tax work.</p>	<p>We have extended the cyclical inspection of our completed audit engagements that is performed for quality control purposes to include a random selection of audit engagements where non-audit services have been provided.</p> <p>This independent review will comment on whether the safeguards being implemented by the firm on all audit clients are sufficient to address the threats identified.</p> <p>The independent review will also comment on whether audit work is being conducted in accordance with relevant standards and will ensure that sufficient audit work has been carried out, regardless of who prepared the original data.</p> <p>A separate team has been used for the preparation of the Corporation Tax return and calculation of the associated tax liability.</p>

We consider that the safeguards in place have been sufficient to ensure our independence and objectivity has not compromised during the course of the audit.

3. Compliance with Legal and Regulatory Requirements

In undertaking our work, we reviewed compliance with the following legal and regulatory requirements:-

- Relevant Academies Accounts Direction issued by the ESFA
- Applicable accounting standards (UK Generally Accepted Accounting Practice)
- Companies Act 2006
- Charities Statement of Recommended Practice (SORP) 2019

No matters came to our attention that suggested any significant breach of these requirements.

Appendix 1 – Executive Summary

From the review performed, the issues noted during the review are as documented below (Significant, Important, Limited, Advisory):

Issues identified in current year audit

Issue	Recommendation	Management Response
Website list of members not up to date at the time of audit	The website should accurately reflect companies house. We understand that there was delay in updating the website due to a new site was being developed but the publicly accessible website should always be up to date.	Member information has now been added to the website.
The internal scrutiny function has not been sufficiently performed during the year.	We have noted that management had made the board aware of this and that it is the board of trustees responsibility to ensure the trust has an operational and effective programme of internal scrutiny. We can see the board had done this after the yearend by appointing Herts for Learning. The board of trustee should ensure there are regular internal audits throughout the year. We have also provided the board with a list of what we considered to be the areas that internal audit should cover for reference.	Herts for Learning have undertaken one visit in October which focused on Trustee 10 'musts' and 2019/20 month end procedures. Internal audit were happy with all areas and Knightsfield will continue to contract their internal audit service to satisfy Accounts Direction requirements

Low Risk:

1. Website list of members
2. Internal scrutiny function

1. WEBSITE LIST OF MEMBERS

Observation

At the time of the audit the website list of members was not up to date.

Issue

The school's website list of members must stay up to date with Companies House. We understand that there was delay in updating the website due to a new site being developed but the publicly accessible website should always be up to date.

Recommendation

The website should accurately reflect Companies House.

2. INTERNAL SCRUTINY FUNCTION

Observation

The internal scrutiny function has not been sufficiently performed during the year.

Issue

The Internal Auditors issued a checklist of items checked during the visit, but no report was issued highlighting any deficiencies in internal control.

We have noted that management had made the board aware of this and that it is the board of trustees responsibility to ensure the trust has an operational and effective programme of internal scrutiny. We can see the board had done this after the yearend by appointing Herts for Learning.

Recommendation

The board of trustee should ensure there are regular internal audit visits throughout the year. We have also provided the board with a list of what we considered to be the areas that internal audit should cover for reference.

6. Fixed Asset Register

1. COMPANIES HOUSE FILINGS

Observation 2019

It was found that Companies House had not been updated in a timely manner with changes to trustees.

Issue 2019

There is a requirement to keep Companies House up to date with any changes to trustees.

Recommendation 2019

We recommend that Companies House is reviewed and updated on a regular basis.

Management response 2019

There was one change to trustee membership that was missed.
One parent Trustee resigned in November and Companies House was updated promptly.

Auditor comments 2020

Companies House has been updated.

ISSUE RESOLVED

2. GIFT POLICY

Observation 2019

The results of our audit work showed that the academy does not have formal policies in place for gifts & hospitality given out to staff.

Issue 2019

The Academies Accounts Direction states that policies should be in place for gifts and hospitality for both receiving and giving. These policies must be approved Governors.

Recommendation 2019

We recommend that the gifts policy should be revised to show the treatment for the giving of gifts per the 2018 Academies Financial Handbook Section 3.9.1.

Management response 2019

The Gifts Policy has been updated to include Gifts up to a value of £30 given by Knightsfield School. The policy was approved by the Resources & Audit Committee at its meeting on 13th November 2019.

Auditor comments 2020

The updated policy has been obtained and its implementation has been tested without issue

ISSUE RESOLVED

3. POSTING OF INCOME

Observation 2019

Income received is offset against the corresponding expenditure.

Issue 2019

There is a risk that the user of the accounts understanding of income received and expenditure incurred is impaired as the accounts would not show the correct values.

Recommendation 2019

We recommend that when income is entered on to the system it is posted in accordance with the necessary explanations for the financial statements (i.e. Other DfE grants or LA) and not posted against the corresponding expenditure.

Management response 2019

We agree with your recommendation. In the 2019/20 accounts no income will be vired to expenditure accounts.

Auditor comments 2020

Income was not posted against the corresponding expenditure this year.

ISSUE RESOLVED

4. MANAGEMENT ACCOUNTS

Observation 2019

It was found that the monthly management accounts do not include a cash flow forecast.

Issue 2019

There is a requirement to prepare cash flow forecasts.

Recommendation 2019

We recommend that cash flow forecasts are completed in accordance with the 2018 Academies Financial Handbook Section 2.3.3.

Management response 2019

Knightsfield School will include Cash flow forecasts with monthly management accounts from November 2019.

Auditor comments 2020

Cash flow forecasts are now included with them management accounts.

ISSUE RESOLVED

5. PURCHASE OF ALCOHOL

Observation 2019

It was found that alcohol was purchased during the year.

Issue 2019

The purchase of alcohol is strictly forbidden.

Recommendation 2019

We recommend that alcohol is not purchased as it is prohibited per the Academies Accounts Direction 2018 to 2019.

Management response 2019

This was purchased in November 2018 BEFORE the Academies Financial Handbook guidelines changed. The alcohol was purchased using PTA funds that are held within the School Fund account.

In 2019 the PTA balance will be debited from the Fund account and a separate bank account opened.

No further alcohol will be purchased to comply with current Academy Accounts Direction guidelines.

Auditor comments 2020

No Purchases of alcohol have been noted to have taken place this year.

ISSUE RESOLVED

6. FIXED ASSET REGISTER

Observation 2019

Fixed asset register is not kept up to date.

Issue 2019

The Governors are responsible for safeguarding the assets of the academy.

The Academy has no means to control all the assets owned unless there is a comprehensive list of all items that agrees to the value shown in the accounts.

Fixed asset registers can also be used in the event of an insurance claim if property and fixtures have been destroyed by fire.

Recommendation 2019

We recommended repairs and maintenance codes are reviewed on a monthly basis to see if any items are above the capitalisation threshold. Adjustments are then made on the fixed asset register and the accounts system so they are always kept up to date.

Management response 2019

A spreadsheet of fixed asset purchases was maintained but the software did not allow for depreciation. The school was therefore aware of all assets should the need arise for an insurance claim.

We will update the new spreadsheet provided by Wilkins Kennedy and post manual depreciation journals annually.

Auditor comments 2020

Fixed asset register is kept.

Correcting and uncorrected misstatements

We are required to inform you of any significant misstatements within the financial statements presented for audit that have been discovered during the course of our audit. Details of items corrected following discussions with you and your team are as below:

Corrected misstatements

No	Detail	Income and Expenditure		Balance Sheet		Surplus effect
		Dr £	Cr £	Dr £	Cr £	£
	Surplus/(deficit) as presented for audit planning					6,271
Adjustments made by auditor:						
1	Capitalisation of P/L additions		18,632	18,632		18,632
2	Correction to depreciation	14,107			14,107	(14,107)
3	Reclassify PTA bursary	6,936			6,936	(6,936)
4	Pension FRS102 liability	92,000			92,000	(92,000)
	Surplus/(deficit) per draft accounts					(88,140)

Uncorrected misstatements

A number of non-trivial uncorrected misstatements were discovered during the course of our audit and these are summarised below.

No	Detail	Income and Expenditure		Balance Sheet		Surplus effect
		Dr £	Cr £	Dr £	Cr £	£
	Surplus/(deficit) per draft accounts					(88,140)
1	Correct pupil premium	1,758			1,758	(1,758)
2	Reallocate overpayment of LA top-up	3,613			3,613	(3,613)
3	Defer DFC grant	3,200			3,200	(3,200)
	Potential Surplus/(deficit) per draft accounts					(86,711)

We have discussed the uncorrected misstatements with management and have confirmed that individually and in aggregate the effect is not material.

GOVERNANCE

1 GOING CONCERN RESPONSIBILITY

Definition

An entity is a going concern unless management either intends to liquidate the entity or to cease trading, or has no realistic alternative but to do so. Assessing an entity's ability to continue to adopt the going concern basis of accounting involves considering a period of at least 12 months from the date the annual accounts are authorised.

Trustee Responsibility

The trustees **must** take ownership of the trust's financial sustainability and its ability to operate as a going concern.

The board of trustees **must**:

- ensure that financial plans are prepared and monitored, satisfying itself that the trust remains a going concern and financially sustainable
- take a longer term view of the trust's financial plans consistent with the requirement to submit three-year budget forecasts to ESFA
- as part of its management of the trust's funds, explain its policy for holding reserves in its annual report.

GOVERNANCE – continued

2 MEMBERS

Numbers

The academy trust **must** have at least three members, although the Department's strong preference is that trusts should have at least five members. Having more members:-

- provides for a more diverse range of perspectives
- ensures members can take decisions via special resolution without requiring unanimity.

Employees

Members **must not** be employees of the trust, nor occupy staff establishment roles on an unpaid voluntary basis. This requirement is effective from **1 March 2021**.

Trustees and members

There should be significant separation between the individuals who are members and those who are trustees. If members sit on the board of trustees this may reduce the objectivity with which the members can exercise their powers. The Department's strong preference is for a majority of members to be independent of the board of trustees.

Responsibilities

As responsibility to conduct the trust's business sits with the trustees, members should be 'eyes on and hands off' and avoid compromising the board's discretion.

However if the governance of the trust by the board of trustees becomes dysfunctional the members will have a strong interest in ensuring the board has plans to address the issues or otherwise to remove the board or individual trustees and re-appoint trustees with the skills necessary for effective governance.

It is important, therefore, for members to be kept informed about trust business so they can be assured that the board is exercising effective governance. This **must** include providing the members with the trust's audited annual report and accounts.

3 CLERK

The academy trust **must** appoint a clerk to support the board of trustees who is someone other than a trustee, principal or chief executive of the trust. A clerk can help the efficient functioning of the board by providing:

- guidance to ensure the board works in compliance with the appropriate legal and regulatory framework, and understands the potential consequences of non-compliance
- advice on procedural matters relating to operation of the board
- administrative and organisational support.

For non-executive trustees a knowledgeable clerk to the board (or company secretary) is an essential part of their tool kit.

GOVERNANCE – continued

4 REGISTER OF INTERESTS

All members, trustees, local governors of academies and senior employees must complete the register of interests.

The academy trust's register of interests **must** capture relevant business and pecuniary interests of members, trustees, local governors and senior employees, including:

- directorships, partnerships and employments with businesses
- trusteeships and governorships at other educational institutions and charities
- for each interest: the name and nature of the business, the nature of the interest and the date the interest began.

The register **must** identify relevant material interests from close family relationships between the academy trust's members, trustees or local governors. It **must** also identify relevant material interests arising from close family relationships between those individuals and employees. 'Close family relationships' is defined as a close member of the family, or member of the same household, who may be expected to influence, or be influenced by, the person. This includes, but is not limited to, a child, parent, spouse or civil partner.

Trusts should consider whether other interests should be registered, and if in doubt should do so. Boards of trustees **must** keep their register of interests up-to-date at all times.

Trusts **must** publish on their websites relevant business and pecuniary interests of members, trustees, local governors and accounting officers. Trusts have discretion over the publication of interests of other individuals named on the register.

EXECUTIVE TEAM

5 SETTING PAY

The board of trustees **must** ensure its decisions about levels of executive pay (including salary and any other benefits) follow a robust evidence-based process and are a reasonable and defensible reflection of the individual's role and responsibilities. No individual can be involved in deciding their remuneration.

The board **must** discharge its responsibilities effectively, ensuring its approach to pay and benefits is transparent, proportionate and justifiable, including:

- process – that the procedure for determining executive pay and benefits, and keeping them proportionate, is agreed by the board in advance and documented
- independence – decisions about executive pay and benefits reflect independent and objective scrutiny by the board and that conflicts of interest are avoided
- robust decision-making – factors in determining pay and benefits are clear, including whether educational and financial performance considerations, and the degree of challenge in the role, have been taken into account
- proportionality – pay and benefits represent good value for money and are defensible relative to the public sector market
- commercial interests – ensuring the board is sighted on broader business interests held by senior executives, and is satisfied that any payments made by the trust to executives in relation to such interests do not undermine the transparency requirements for disclosing pay in accordance with the Academies Accounts Direction
- documentation – the rationale behind the decision-making process, including whether the level of pay and benefits reflects value for money, is recorded and retained
- a basic presumption that executive pay and benefits should not increase at a faster rate than that of teachers, in individual years and over the longer term
- understanding that inappropriate pay and benefits can be challenged by ESFA, particularly in instances of poor financial management of the trust.

EXECUTIVE TEAM – continued

6 ACCOUNTING OFFICER AND CFO

Both the accounting officer and chief financial officer (CFO) should be employees, and there is a requirement for ESFA approval if, exceptionally, they are not.

Accounting Officer definition

The academy trust's senior executive leader, accountable for value for money, regularity and propriety. In SATs, this should be the principal. In trusts with multiple academies, it should be the chief executive or equivalent.

Accounting Officer Role and Responsibility

The accounting officer role includes specific responsibilities for financial matters. It includes a personal responsibility to Parliament, and to ESFA's accounting officer, for the trust's financial resources.

Accounting officers must be able to assure Parliament, and the public, of high standards of probity in the management of public funds, particularly regularity, propriety and value for money.

The accounting officer must have oversight of financial transactions, by:

- ensuring the academy trust's property and assets are under the trustees' control, and measures exist to prevent losses or misuse
- ensuring bank accounts, financial systems and financial records are operated by more than one person
- keeping full and accurate accounting records to support their annual accounts.

Chief Financial Officer (CFO) definition

The individual leading the finance department: e.g. finance director, business manager or equivalent.

CFO Skills and experience

The CFO and their finance staff must be appropriately qualified and/or experienced. Trusts must assess whether the CFO, and others holding key financial posts, should have a business or accountancy qualification and hold membership of a relevant professional body, dependent on the risk, scale and complexity of financial operations. ESFA encourages larger trusts (for example over 3000 pupils) to consider the range of accountancy qualifications available from professional bodies such as the ICAEW, ACCA, CIMA or CIPFA (including CIPFA qualifications developed in partnership with ISBL) and take this into account when filling CFO vacancies.

CFOs should maintain continuing professional development and undertake relevant ongoing training.

The CFO need not discharge all their duties personally. The trust may employ additional staff or contractors with the relevant skills and knowledge at the appropriate time.

GENERAL CONTROLS AND TRANSPARENCY

7 FIXED ASSET REGISTER

The Academies financial Handbook states that Trusts **must** manage and oversee assets and maintain a fixed asset register

An asset register is a list of the assets owned by a business. It contains pertinent details about each fixed asset to track their value and physical location. The register shows the quantity and value of things like office equipment, motor vehicles, furniture, computers, communications systems and equipment.

Typical information captured on a fixed asset register includes a unique identifier code, asset name, description, purchase and capitalisation dates, purchase cost, department, residual value and asset life and depreciation rule.

The asset register must reflect the balances as shown within the Trusts financial statements (Tangible fixed asset note).

8 PUPIL NUMBER PROJECTIONS

The board of trustees, and any separate committee responsible for finance, must ensure rigour and scrutiny in budget management. The Board of Trustees should challenge pupil number estimates as these underpin revenue projections, and review these termly.

Oversight must ensure information submitted to DfE and ESFA that affects funding, including pupil number returns and funding claims (for both revenue and capital grants) completed by the trust and (for trusts with multiple academies) by constituent academies, is accurate and in compliance with funding criteria.

GENERAL CONTROLS AND TRANSPARENCY - continued

9 INTEGRATED CURRICULUM AND FINANCIAL PLANNING

Boards are encouraged to take an integrated approach to curriculum and financial planning so that they are confident about planning the best curriculum for their pupils and delivering the trust's educational priorities with the funding they have available.

Integrated curriculum and financial planning (ICFP) is a management process that helps schools plan the best curriculum for their pupils with the funding they have available. It can be used at any phase or type of school.

ICFP involves measuring your current curriculum, staffing structure and finances, and using the data to create a 3 to 5 year plan

There is no one way to do ICFP, but it should include analysing:-

- teacher deployment
- use of support staff
- non-staffing costs
- balance of income and costs

The more variables the Trust measures, the more accurately the Trust will be able to predict the resources it can afford in the future.

The Trust will need to make some assumptions about how things might change over the next few years. Starting before planning for the next academic year will give the Trust time to recruit any new teachers needed.

ICFP is most effective when it is a normal part of planning activity and involves senior teams, including business managers and governors.

The ESFA has released a guide for ICFP and this can be found at:

<https://www.gov.uk/guidance/integrated-curriculum-and-financial-planning-icfp>

10 OVERDRAFTS

The trust **must** manage its cash position robustly. It **must** avoid becoming overdrawn on any of its bank accounts so that it does not breach restrictions on borrowing. It may be required to report on its cash position to ESFA where there are concerns about financial management.

GENERAL CONTROLS AND TRANSPARENCY - continued

11 WEBSITE DISCLOSURES

The following is a list of what must be published on your website as a must in the academies financial handbook:

The number of employees whose benefits exceeded £100k, in £10k bandings, as an extract from the disclosure in its financial statements for the previous year ended 31 August

For organisations with 250 or more employees to publish information about the gender pay gap in their organisation.

Whistleblowing procedure

Up-to-date details of its governance arrangements in a readily accessible format, including:

- the structure and remit of the trust's members, board of trustees, committees and local governing bodies (the trust's scheme of delegation for governance functions), and the full names of the chair of each
- for each of the trust's members serving at any point over the past 12 months, their full names, date of appointment, date they stepped down (where applicable), and relevant business and pecuniary interests including governance roles in other educational institutions
- for each trustee and local governor serving at any point over the past 12 months, their full names, date of appointment, term of office, date they stepped down (where applicable), who appointed them, and relevant business and pecuniary interests including governance roles in other educational institutions. If the accounting officer is not a trustee their business and pecuniary interests must still be published
- for each trustee, their attendance records at board and committee meetings over the last academic year
- for each local governor, their attendance records at local governing body meetings over the last academic year.

Audited report and accounts (must be on website by 31 January)

Relevant business and pecuniary interests of members, trustees, local governors and accounting officers. (Trusts have discretion over the publication of interests of other individuals named on the register.)

Where a trust is subject to an FNtI, it must publish the FNtI on its website within 14 days of it being issued, and retain it on the website until the FNtI is lifted by ESFA.

12 ALCOHOL

Just a reminder:

The trust's funds **must not** be used to purchase alcohol for consumption, except where it is to be used in religious services.

GENERAL CONTROLS AND TRANSPARENCY - continued

13 RISK MANAGEMENT

The trust must manage risks to ensure its effective operation and must maintain a risk register:

- Overall responsibility for risk management, including ultimate oversight of the risk register, must be retained by the board of trustees, drawing on advice provided to it by the audit and risk committee.
- Other committees may also input into the management of risk at the discretion of the board.
- Aside from any review by individual committees, the board itself must review the risk register at least annually.
- Risks management covers the full operations and activities of the trust, not only financial risks.

The trust's management of risks must include contingency and business continuity planning.

Risk management involves the identification, measurement, management, monitoring and reporting of threats to an organisation's business objectives. Such threats could arise from a wide variety of sources, including financial uncertainty, IT security, management errors, accidents, natural disasters, and so on.

Once risks have been identified, assessed, evaluated and ranked, academy trusts will need to ensure there are appropriate plans to manage them. These plans include preventative controls, mitigation processes and contingency plans in the event that risks materialise.

Once the academy trust has established its risk tolerance and capacity, it can move onto developing a risk control strategy. Again, there are various ways to do this and no one way is "right", but one easy-to-follow approach is to consider the "4 T's"

- **Tolerate**
- **Treat**
- **Transfer**
- **Terminate**

The board (including any relevant sub-committee such as the finance or audit committee) should set out how and when it wants to receive information about risks. This reporting should provide reliable, current, complete and timely information, reflecting different risk types as well as emerging issues.

GENERAL CONTROLS AND TRANSPARENCY - continued

14 SCHOOL RESOURCE MANAGEMENT SELF ASSESSMENT TOOL

It is compulsory for all academy trusts to complete and submit the self assessment tool.

The tool helps assure governing bodies and trust boards that they are meeting the right standards to achieve a good level of financial health and resource management.

It can be used to identify areas for change to make sure resources are used to support high-quality teaching and the best education outcomes for pupils.

The tool consists of a checklist and a dashboard.

The checklist asks questions of governing bodies and trust boards in 6 areas of resource management.

The dashboard shows how a school's data compares to thresholds on a range of statistics that have been identified by the Department for Education (DfE) as indicators of good resource management and outcomes

The weblink to access the tool is:

<https://www.gov.uk/government/publications/school-resource-management-self-assessment-tool>

OTHER

15 AUDIT AND RISK COMMITTEE AND INTERNAL SECURITY

Requirement for a committee

The academy trust must establish an audit and risk committee, appointed by the board.

- Trusts with an annual income over £50 million must have a dedicated audit and risk committee.
- Other trusts must either have a dedicated audit and risk committee or can combine it with another committee, such as finance.

The audit and risk committee should meet at least three times a year.

Remit of the committee in relation to internal scrutiny

The audit and risk committee must:

- direct the trust's programme of internal scrutiny
- ensure that risks are being addressed appropriately through internal scrutiny
- report to the board on the adequacy of the trust's internal control framework, including financial and non-financial controls and management of risks.

Membership of the committee

Employees of the trust should not be audit and risk committee members, but the accounting officer and chief financial officer should attend to provide information and participate in discussions.

The chair of trustees should not be chair of the audit and risk committee.

Where the audit and risk committee is combined with another committee, employees should not participate as members when audit matters are discussed.

Operating the committee

The committee must:

- have written terms of reference describing its remit
- agree a programme of work annually to deliver internal scrutiny that provides coverage across the year
- review the ratings and responses on the risk register to inform the programme of work, ensuring checks are modified as appropriate each year
- agree who will perform the work
- consider reports at each meeting from those carrying out the programme of work
- consider progress in addressing recommendations
- consider outputs from other assurance activities by third parties including ESFA financial management and governance reviews, funding audits and investigations
- have access to the external auditor as well as those carrying out internal scrutiny, and consider their quality.

In trusts with multiple academies, the committee's oversight must extend to the financial and non-financial controls and risks at constituent academies.

Internal Scrutiny

Delivering internal scrutiny

Internal scrutiny must:

- be independent and objective – for example it must not be performed by the trust's own accounting officer, chief financial officer or other members of the finance team
- be conducted by someone suitably qualified and experienced and able to draw on technical expertise as required
- be covered by a scheme of work, driven and agreed by the audit and risk committee, and informed by risk
- be timely, with the programme of work spread appropriately over the year so higher risk areas are reviewed in good time
- include regular updates to the audit and risk committee by the person(s) or organisation(s) carrying out the programme of work, incorporating:
 - a report of the work to each audit and risk committee meeting, including recommendations where appropriate to enhance financial and non-financial controls and risk management
 - an annual summary report to the audit and risk committee for each year ended 31 August outlining the areas reviewed, key findings, recommendations and conclusions, to help the committee consider actions and assess year on year progress.

Whilst the audit and risk committee is responsible for directing the internal scrutiny, the findings must also be made available to all trustees promptly.

To ensure those carrying out the programme of internal scrutiny work are suitably qualified and/or experienced:

- auditors should be members of a relevant professional body
- trustees and peer reviewers performing the work should have qualifications in finance, accounting or audit, and appropriate internal audit experience. Trusts should work towards this position where it is not already the case.

The trust **must** keep its approach to internal scrutiny under review. If it changes in size, complexity or risk profile, it should consider whether its approach remains suitable.

Approach

Internal scrutiny must focus on:

- evaluating the suitability of, and level of compliance with, financial and non-financial controls. This includes assessing whether procedures are designed effectively and efficiently, and checking whether agreed procedures have been followed
- offering advice and insight to the board on how to address weaknesses in financial and non-financial controls, acting as a catalyst for improvement, but without diluting management's responsibility for day to day running of the trust
- ensuring all categories of risk are being adequately identified, reported and managed.

The trust must identify on a risk-basis (with reference to its risk register) the areas it will review each year, modifying its checks accordingly. For example, this may involve greater scrutiny where procedures or systems have changed.

16 ESFA GOOD PRACTICE GUIDANCE

The ESFA have issued a number of good practice guides. They do not replace or modify any requirements set out in the Academies Financial Handbook and the Academies Accounts Direction. They aim to provide suggestions about good practice.

Currently the following is available as a good practice guide:

- Streamlined Energy and Carbon reporting
- Operating an academy trust as a going concern
- Choosing an external auditor for an academy trust
- Academy trust deficit recovery
- Academy trust risk management
- Leasing guidance for academy trusts
- Academy trust management accounting
- Internal scrutiny in academy trusts
- Academy trust management letters
- External audit preparation checklist for academy trust guidance
- External audit preparation checklist

17 VAT – AUDIT REVIEW

Observation

The academy is currently not VAT registered and reclaiming VAT via the Form 126.

Issue

Our audit does not examine VAT in detail and our audit procedures are not designed to detect immaterial fraud or error. Therefore, we have not reviewed individual streams of income to:

- a. Assess whether the academy is over the VAT registration threshold
- b. Ascertain whether the VAT reclaimed is correct

There are a number of income streams that may be liable to VAT, we have provided some common areas below, but please note this is not an exhaustive list:

1. Contracts whereby you receive commission or the net of income/costs for items such as uniforms. The contract may be worded in such a way that you are actually the primary supplier and not an agent, if this is the case then you may be liable to register and charge VAT on these items.
2. The sale of meals to staff is a supply liable to VAT. The VAT treatment of outsourced catering contracts means that an Academy will act as principal in the sale of all meals. The sale of a meal to a member of staff (not a duty meal) will count towards the VAT registration limit.
3. Certain supplies under salary sacrifice schemes can have a VAT implication either as the amounts count towards the VAT registration limit or VAT on expenses could be restricted.
4. Although the majority of income from letting the premises will be exempt depending on the exact nature of the "let" and to whom the let could be "taxable". If additional services are supplied as a separate cost they would be seen as taxable. Any charges for parking would be taxable.

From experience most Academies have some business income and if not VAT registered we would expect there to be some irrecoverable VAT and is the Academy carrying out the appropriate restrictions and checks on the VAT claimed via the VAT 126 form.

Recommendation

We recommend that a separate VAT audit is undertaken if required.
