

COVID RISK ASSESSMENT FOR SEPTEMBER 2020

- This risk assessment template is intended to support schools in their decision-making process and enable them to assess their site and activities as required by the current government guidance.
- This assessment is based on the expectations set out in the Government guidance for schools Guidance for full opening from Sept 2020 <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools> but must be adapted in order to give a clear narrative on the specific controls being put in place within your school to manage the risk from coronavirus.

As with other areas of risk school employers and leaders are required to reduce risk as far as is reasonably practicable, recognising that it is not possible to completely eliminate the risk of coronavirus.

- During this evolving situation please monitor and follow government guidance, further reviews and updates to the template will be made following any significant updates.
- In addition you should continue to review your controls and activities and update the risk assessment to reflect any changes in practice.

Notes on completion:

- This risk assessment should be completed by the Head and SLT in consultation with staff.

Consultation with employees is a legal duty and involving staff in the planning and assessment process will aid in your controls being adopted and in easing any anxiety amongst staff.

- Where you have a Union H&S representative then make sure you consult with them as part of the risk assessment process.
- You will need to review and tailor the contents of this generic risk assessment to meet your own individual circumstances, actions determined as required but not yet in place should be moved from the 'What are you already doing?' column to the "What further action is necessary?" column. Or alternative and equivalent control measures which you have put in place added.
- Ensure this document is made **specific** to your site. Record any other **significant** findings and actions required to reduce risk further where existing controls are insufficient, assigning these actions to an appropriate manager or member of staff.
- There may also be a requirement to review other existing work activity risk assessments for your school and amend these (if you have not already done so) to include the management of the risks associated with COVID-19.

Share the risk assessment

Once the assessment is completed **share** this with all staff, make sure that you brief all temporary staff, peripatetic and supply teachers, visiting coaches etc. on your expectations on managing risk.

- You may choose to publish the risk assessment on your website to provide a clear transparent approach to the wider school community.

Monitor and review

As the school returns continue to review how staff and students adopt to your controls, there will almost certainly be areas where the risk assessment will need review to reflect additional controls or risks which only became apparent as your operational activities and curriculum are delivered.

Review and tailor the contents of this generic risk assessment to meet your school's individual circumstances, actions determined as required but not yet in place should be moved from the 'What are you already doing?' column to the 'What further action is necessary?' column. Record any other **significant** findings and actions required to reduce risk further where existing controls are insufficient, assigning these actions to an appropriate manager or member of staff.

<p>General Transmission of COVID-19</p> <p>Minimising contact and Maintenance of social distancing</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Determine the nature and size of your distinct groups (bubbles) and document the approach being taken i.e. class bubbles, year group bubbles etc. (these should be as small as practicable to reduce transmission risk whilst delivering the full curriculum).</p> <p>Groups to remain clear and consistent. Document how these groups will be kept apart from others.</p> <p>Limiting interaction between groups by: Staggering lunchtimes at MWS canteen; Minimise rooms / spaces being shared across groups; Cleaning shared spaces between use by different groups; No groups are coming together for assemblies, events / school fairs, school trips etc. Wider assemblies / collective worship conducted via video link. Continue to use social distancing wherever possible (more emphasis on this is likely with older children).</p> <p>Where staff move across groups hands to be washed / sanitised before and after and social distancing should be maintained, aim for 2m from other staff and adults as far as is reasonable. Ideally the teaching space should be 2m from pupils, where this is within 1m then change layout / increase space at the front of the class to attain 1m+.</p> <p>Keep space at front of class for SLT to enter and be present whilst maintaining social distancing.</p> <p>Staff to avoid close face to face contact and minimise time spent within 1 metre of anyone.</p> <p>Secondary Zone school assigning groups to different areas Groups to keep to their zoned area as far as possible, movement only to specialist rooms where necessary. Teachers move between classes wherever possible. Staggered timetable / timetable specialist rooms to keep groups apart; SLT supervise corridor / communal areas during changeover to facilitate.</p> <p>Extra-curricular clubs determine if these are essential and ensure delivery replicates school groups / bubbles.</p>	<p>Ongoing monitoring of movement around school and ability of groups to remain apart.</p> <p>Determine any pinch points, congested corridors etc and review controls to keep groups apart.</p> <p>Staff to be instructed to sanitise/wash hands before changing groups for teaching and/or support</p> <p>Playground area zoned.: Yr 6/7 corner area Yr 8/9 main playground basketball court Yr 10/11 awning area</p>	SLT	02.09.20	3/09/2020

		<p>Hiring and lettings risk assessments on delivery required from providers, suspend if controls are not as robust as the school's / social distancing (2m) cannot be maintained.</p> <p>Review hirers activity against existing Government restrictions. See https://www.gov.uk/government/publications/further-businesses-and-premises-to-close/further-businesses-and-premises-to-close-guidance for details of business which remain closed (including as at July 7th this included indoor fitness and dance, indoor sports facilities and gyms).</p> <p>As with physical activity during the school day, contact sports should not take place.</p> <p>Ventilation of internal spaces during Autumn and Spring Term All windows to be opened as wide as possible before registration . Windows to be wither left ajar of closed during lessons, weather dependant, and reopened wide at morning Break, Lunch and Afternoon break. Staff in classroom responsible for ensuring this is managed correctly.</p> <p>As all pupils are DEAF the school does not routinely ask pupils and staff to wear masks in order to allow lip-reading. Face shields are available for all staff to use at MWS and Oaklands and in school if they work in other settings or feel more comfortable doing so.</p> <p>Offsite visits No overnight or overseas visits to be run.</p> <p>Any visits run will keep children within their consistent group. Re-assurance of COVID-secure measures in place at the destination to be undertaken as part of usual planning and offsite visit risk assessment</p> <p>Music Existing advice is to limit singing, playing wind or brass instruments etc. Even if at a distance. No playing / singing in groups of >15 (no larger school choirs / ensembles etc.). Consider if small groups in music lessons can take place outside / or with improved ventilation. Ensure 2m physical distancing for staff and pupils. What are the hazards?	Who might be harmed and how?	What are you already doing?	What further action is necessary?	Action by who?	Action by when?	Done
		<p>Minibus use Used by those within same school group / bubble, reduce numbers on board to aid distancing. Vehicles to be cleaned after each group's use / between drivers etc. (sanitiser / disinfectant wipes to be available on the vehicle). Regular cleaning of vehicle contact points (handles, keys, display and controls etc.) – in-particular where vehicles are shared between drivers / groups. Use hand sanitizer on entering / leaving vehicle. Windows to be open for ventilation. Staff to wear disposable gloves when refueling.</p>				
Contractors	Contractors, Staff, Students / pupils / wider contacts, Spread of COVID 19	All contractors will read and comply with signs in reception regarding good hygiene. Staff and contractors are to maintain a safe distance between themselves and others (2 metres where practical). All contractors are to wash their hands or use alcohol-based hand sanitiser upon entering the site. Agree approach to scheduled / ongoing building works. Where works can be conducted outside of the school day they should be. Site inductions are to be carried out following social distancing principles. School's to seek confirmation of the contractors method statement / risk assessment.				
Provision of first aid	Staff, Students / pupils / wider contacts Spread of COVID 19	It is accepted that social distancing cannot be maintained during the delivery of first aid, but physical contact should be kept to a minimum e.g. pupils apply cold pack, wipe, plaster where able to do so. Wash hands before / after treatment. Those administering first aid should wear PPE appropriate to the circumstances. Where the injury was significant and thus required close care for an extended period then it would be reasonable to provide PPE. See also 'provision of personal care' and 'Suspected case whilst working on site'. First aiders to be aware of advice on CPR from The Resuscitation Council https://www.resus.org.uk/media/statements/resuscitation-council-uk-statements-on-covid-19-coronavirus-cpr-and-resuscitation/covid-community/ Medical Room must only treat one person at a time and allocate another room / area as a waiting/collection area.	Ear mould cleaners not being used
